There were no street meetings and only one attempt was made to round up the votes, and that, counted upon to be one of the best meetings of the year.

Drug Stores. They'll give money back if not satisfactory.—Advt.

NEW YORK, Oct. 8.—An expert accountant and his wife, formerly a trained nurse, asked Magistrate Breen in the Washington Heights courts yesterday to send them to the Metropolitan Hospital as drug addicts. They are George Blair, thirty-six years old, of 530 Manhattan avenue, and Dorothy Blair, thirty-three years old.

Mrs. Blair assumed full blame for the trouble, saying her husband became a slave to morphine. She first took it, she explained, when she had to undergo a severe operation, and later gave it to her husband to relieve his pain from chronic stomach trouble.

Magistrate Breen praised the courage that the couple showed in making public admission of their habit, and Detective Henry J. Burke made out necessary papers admitting them to the hospital.

**Methodist Episcopal Edifice
Opened in Sixteenth Street
Near Lamont.**

The new Mount Pleasant M. E. Church, Sixteenth street near Lamar street northwest, was dedicated this morning. The sermon was delivered by Bishop E. E. Hoss, of Nashville, Tenn. At 3 o'clock this afternoon the memorial windows will be dedicated. The Rev. W. V. Tudor will speak on the window presented by Mrs. J. K. Jones, in memory of her husband, the late Senator James K. Jones. The subject of the window is "Christ is Greater."

The total cost of the new edifice exceeds \$45,000. It is built of light gray tapestry brick with terra cotta trim.

Dr. Schuyler C. Jacques, another New York physician, said: "I have never before given out any medical information or advice for publication, as ordinarily do not believe in it. But in the case of Nuxated Irop I feel I would be remiss in my duty not to mention it. I have taken it myself and given it to my patients with most surprising and satisfactory results. And these

Services for Plague Victim in Rock Creek Cemetery.

Funeral services for Dr. Arthur Leroy Hunt, infantile paralysis victim, who is supposed to have contracted the disease while about his work in the District Health Department service, will be held from the residence, 1314 Monroe street tomorrow afternoon.

At open-air services in Rock Creek Cemetery, where interment will be, the Rev. Percival Hall, of the Church of the Epiphany, will probably officiate. The hour of the services will not be definitely decided on until tomorrow morning.

Owing to the contagious nature of the malady from which Dr. Hunt died, attendance at the funeral will be restricted. At the cemetery members of the Health Department with whom the deceased worked, and other friends, will assemble.

Mrs. Hunt, the bride of three months, is overcome by grief over her husband's death. She was Miss Marie Seitz, of this city, and was at her husband's bedside until the last.

Health Authorities Segregating Afflicted Children in Capital.

The work of segregating tubercular children in the public schools is going rapidly forward, officials of the health department state.

An officer of the department is looking up every case of tuberculosis among the children of the District for the purpose of determining how many children will be affected. It is thought that about 115 cases will be found.

As soon as a child is found to have the disease, he will be sent to an open air school, yet to be provided. This ruling was put into effect by health officials September 8.

It is proposed to supply the affected child with food that will help him re-

Horse Meat Is Fed to Show Lions and Tigers

SALINA, Kan., Oct. 8.—For the first time probably in the history of Salina there is a market for incapaclated horses and the market has been active for ten days. This is fair week, and one of the features is an animal show. The price of beef is entirely out of the reach of the managers of the show and the lions and tigers are fed upon horseflesh.

Takes Out False Teeth And Then Drowns Self

SAUSILITO, Cal., Oct. 8.—Leaving his false teeth on the wharf, Isaac S. Logan committed suicide here by jumping into the bay. He approached John J. Freiler and told him that he intended to do away with himself. Half an hour later Logan's body was found floating near the ferry slip.
